

SKYGLOSS

A simpler way to maintain
a vehicles **paint finish.**

BUILD CLEAR COAT – DON'T CUT IT

SkyGloss

The Foundation of Modern Detailing

We don't sell another coating.

We sell the new **Step 1**
the entire industry desperately needs.

factory forever

Our Promise

This Never Changes

Only **3 services** will ever be needed – and they fall in line with every industry's Good | Better | Best approach

- The products inside these services can and will evolve
- The services themselves will not → No distributor or detailer ever has to worry about "**the next new thing**"

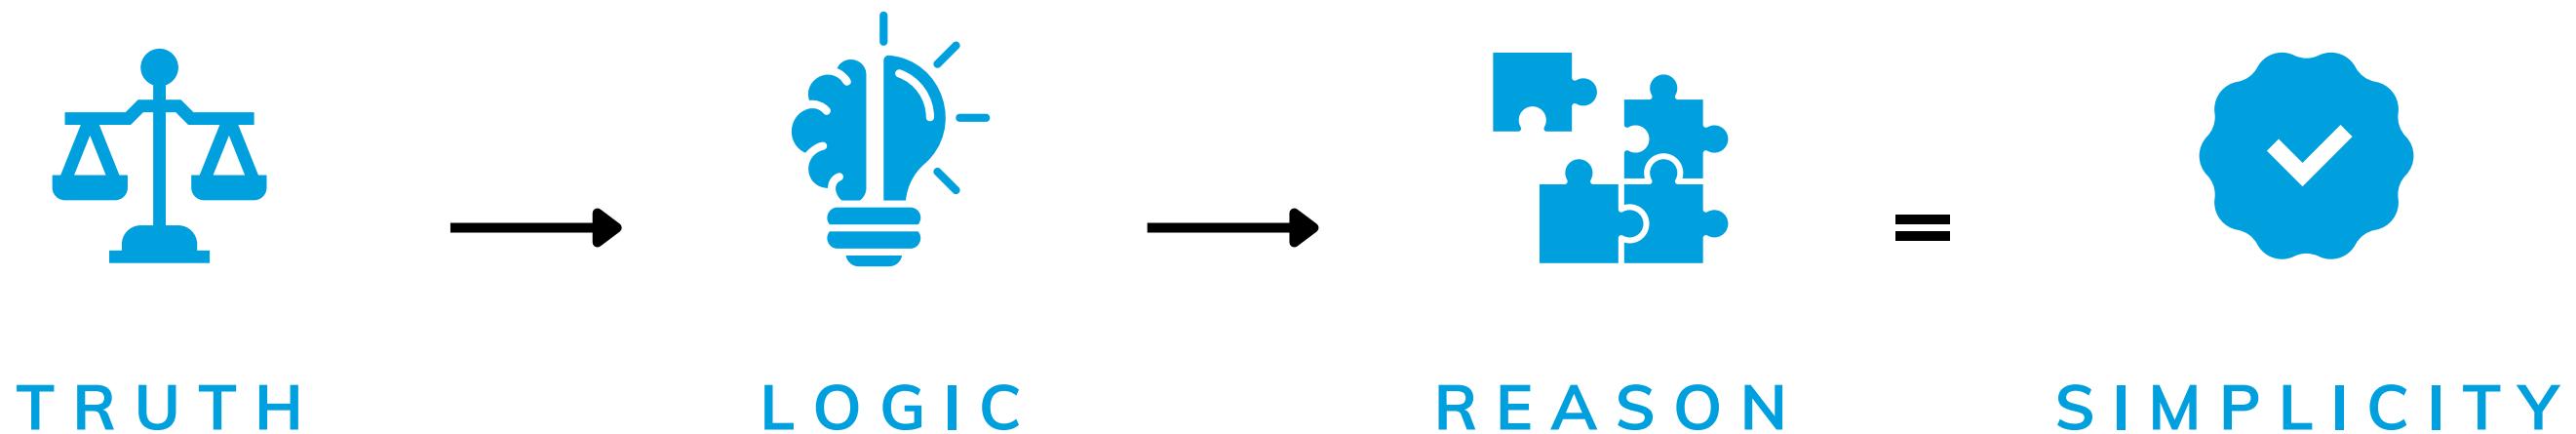

The Universal Truth

No One Can Argue With This

factory forever

Building something is always more logical than cutting it away.

That's it. That's the entire philosophy.

The Real Problem

Every Market Faces

Factory clear coats are **thinner** and **weaker** than ever

Polishing = removing the only protection the manufacturer gave the car

Result: a never ending cycle that **loses value** and beauty, not preserves and protects

FUSION - Clearcoat Fusion Technology

Builds real
microns

Chemical
adhesion →
factory-like bond,
zero peeling

Fixes damage
and creates a
factory fresh
paint finish

No spray booth,
faster than
polishing, higher
margin

A whole new
way to market
to a customer

The Solution

The World Has Always Wanted

Critical Positioning Rules

Never Break These

- FUSION is NOT a coating and NOT a replacement for anyone's coating
- FUSION is the new foundation – the replacement for polishing
- We are a friend and a complement to every detailing brand in the market
- We make every existing ceramic, graphene, or PPF perform better and last longer

How to Sell It

In One Sentence (To Detailers)

“Stop burning your time and the vehicles paint finish with polishing. Start building it with **FUSION** – the new profitable Step 1 on every single car.”

How to Sell It

In a Few Sentences (To Car Owners)

“Your paint finish wears exactly like brakes and tires. For the last 75 years we have been polishing and cutting down a paint finishes to fix damage and shine.

SkyGloss builds clearcoat - a much simpler way to maintain a vehicle paint finish and keep it factory forever.”

The 3 Services

Good – Better – Best

SKY REPAIR

Foundation building
Result: factory fresh paint finish

SKY RESIN

The twin turbo performance

SKY SHIELD

It's not protection, it's a new paint
finish on top of your paint finish

Every technology in the market fits into one of these three. We stay drama-free and future-proof. **FOREVER.**

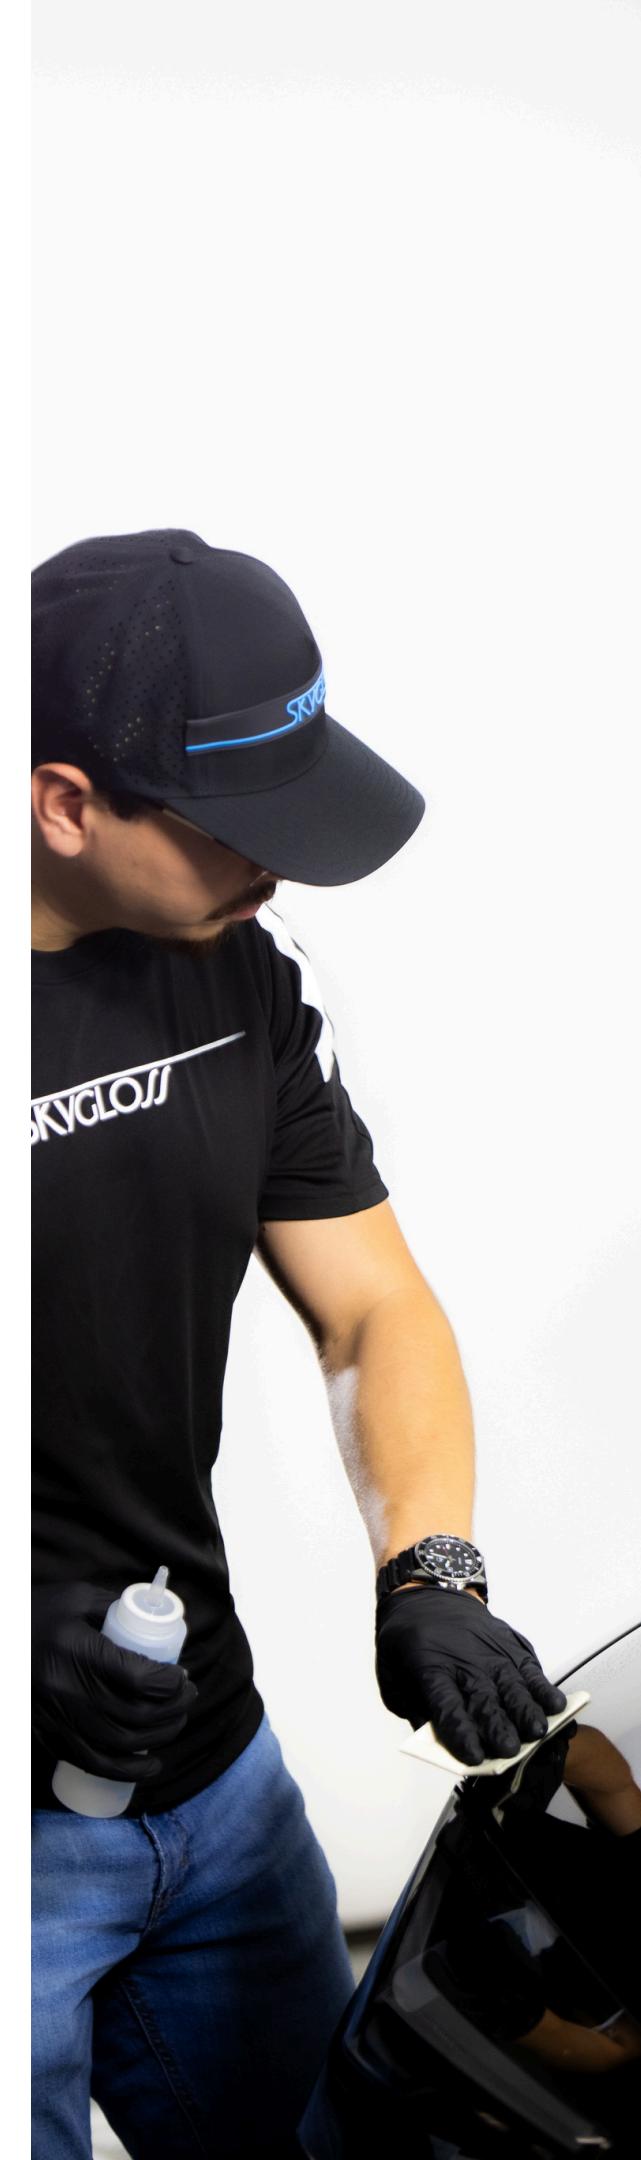

Yes,

FUSION is More Technical to Apply

That's not a disadvantage – that's proof it's real.
Anything truly valuable takes skill and care. We
turn that into a **competitive advantage**.

Pricing Revolution

FUSION will be priced so aggressively low that:

- Every shop can use it on every car
- Every car owner can afford it without thinking twice
- It's a practical AND premium service. This is a revolution made affordable for the entire world

SKYGLOSS

Why

Every Detailer Should Adopt This

- Faster than polishing, always better results
- More profitable; adding substance rather than removing it has tangible value
- Zero risk of burn-through
- Works on thin, soft, damaged, or neglected clear coats
- Scalable – no more back-breaking correction days
- We give the complete system: videos, health-check tools, scripts, social assets

Confidence Script

When Someone Mentions Another Product

factory forever

Never worry about other products or brands. We always talk good of them, building confidence with the customer.

FUSION is the foundation – nothing else in the world builds real clearcoat. Even if someone copies the idea one day, they'll never match the SkyGloss brand, support, and people behind it.

Our Mission

With You

To make “**building instead of cutting**” the global standard in 3–5 years. Every car leaves the shop with more clear coat than when it arrived. That has never been possible — until **SkyGloss**.

We have a project

For You to Access How Well You Understand SkyGloss

~~Safety forever~~

1

One Video for retail

2

**One educational video (VSL) explaining
exactly what SkyGloss is all about**

3

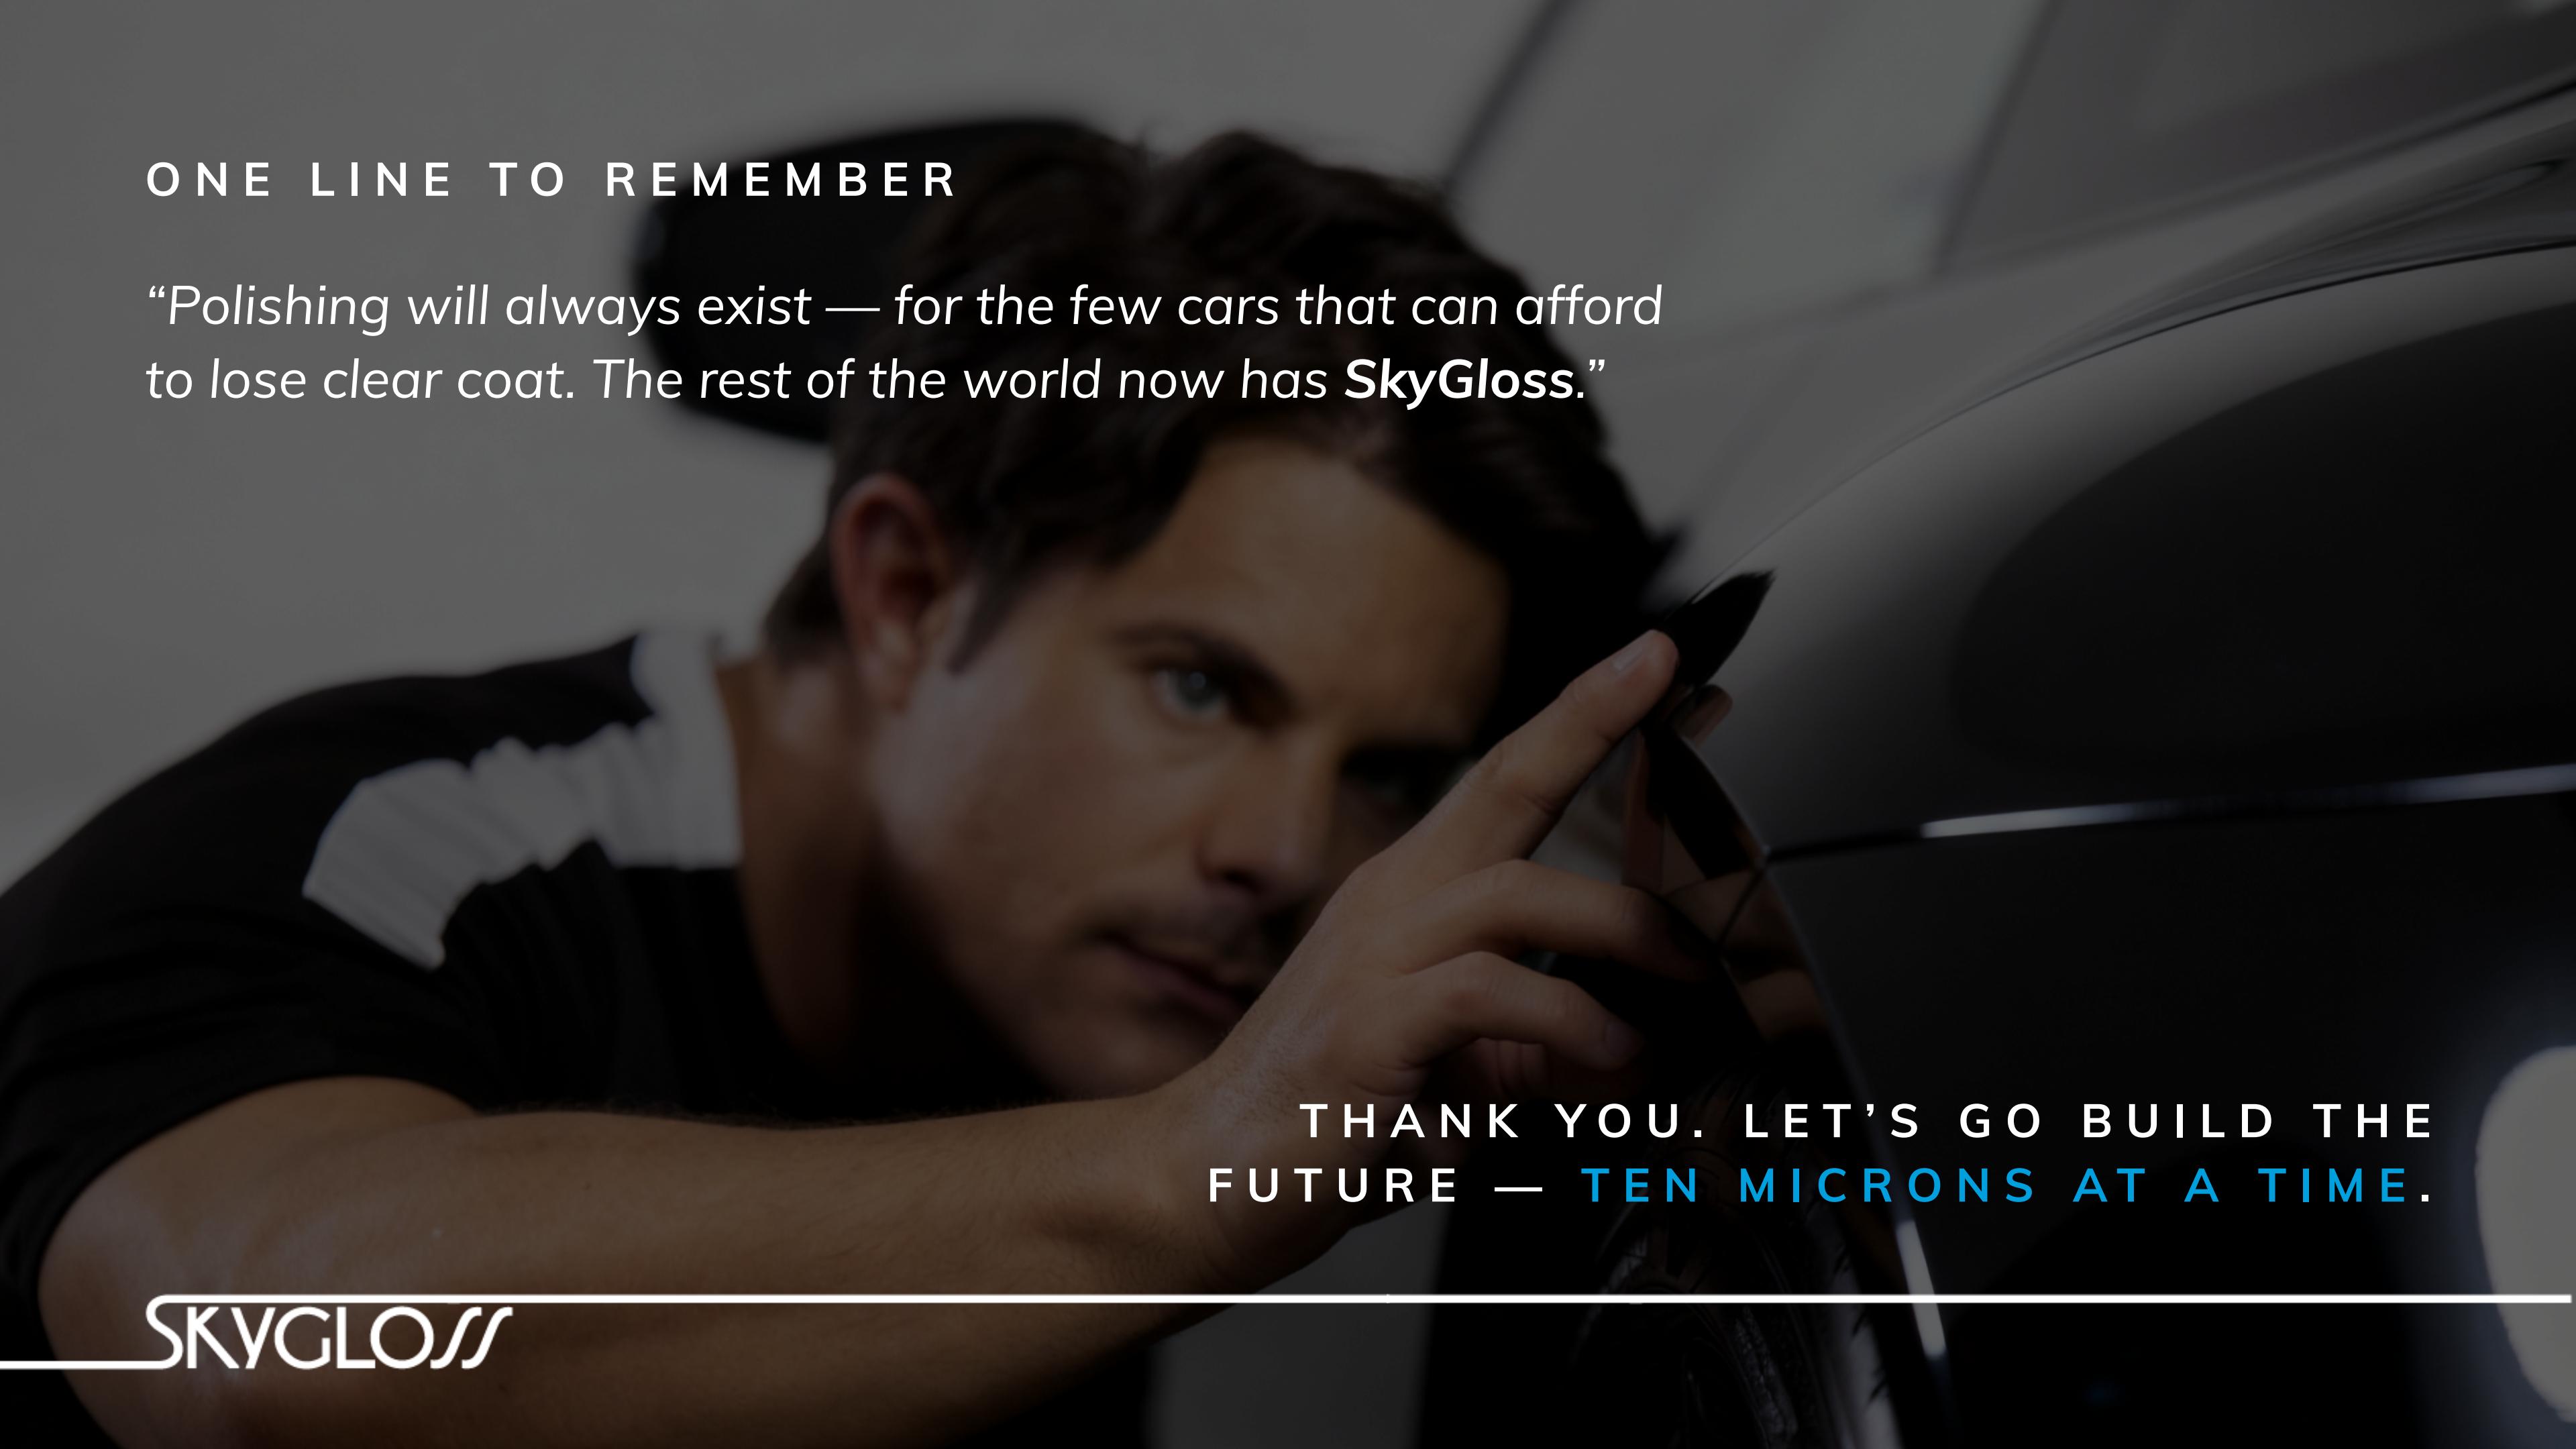

One video for certified shop

Completing these by the end of the year in your local language is fine.

What do you need from us? How can we help?

- Make sure you have a really solid technician who can train
- Put together a lead generation program to help shops drive traffic to their locations
- Find influencers to become distributors and expand in the market

A close-up, low-angle shot of a man with dark hair and a beard, wearing a white dress shirt and a dark tie. He is looking down and to his right, focusing on the surface of a dark-colored car. His right hand holds a small, triangular convex mirror, likely a pocket mirror, which reflects the light off the car's paint. The background is blurred, suggesting an outdoor setting like a parking lot.

ONE LINE TO REMEMBER

“Polishing will always exist — for the few cars that can afford to lose clear coat. The rest of the world now has **SkyGloss**.”

THANK YOU. LET'S GO BUILD THE
FUTURE — **TEN MICRONS AT A TIME.**
